Process to enroll in our new, AdvancedMD patient portal:

- An email will be sent to you with a password verification ID# and a sentence below that which states “Please click here to create your password” [*click on the hyperlinked word phrase “here”*]
- You will be redirected (*a web-page should automatically open*) to an internet page where you will be prompted to complete the account registration by creating your user password (*not the one provided in the email*) and entering either your birthdate or social security number (not both)
 - Password Requirements are as follows: Minimum of eight (8) characters including one upper case letter, one lower case letter, one number and one special character (!@#\$%^&*?_ -)
 - You must be sure to also check the box for “I have read and agreed to the Terms & Conditions”, after reviewing them, of course.
 - You can also opt to complete your registration using your Facebook or Google account, if preferred.
- Once this is completed and requirements are met, you will automatically be redirected to your AdvancedMD Patient Portal. From here you can update your profile information, access your messaging functions, reviewing upcoming appointment, request refills or new appointments, etc.

In the future to login to your patient portal, you can access it from this link:
